Dear Mr. Phillips:

The attached Early Action Plan for Charleston County is hereby submitted to the South Carolina Department of Health and Environmental Control for submittal to the Environmental Protection Agency, Region 4 office and inclusion in the Early Action State Implementation Plan.

As required by the South Carolina 8-hour Ozone Early Action Compact, Charleston County will continue to submit progress reports every six months documenting progress on implementing emission reduction strategies by April 1, 2005.

If you have any questions, please contact Linda Slater in my office. She can be reached at 843 958-4006, or lslater@charlestoncounty.org.

We very much appreciate your office's support as we have worked through the requirements of this initiative.

Sincerely,

Roland H. Windham, Jr.
County Administrator
